

An open letter to year 6 from our current year 7 students.

*Hello everyone, my name is Becca. If you saw me, you might not believe I was already at Paulet as I am so small but it's true, and let me tell you; it doesn't matter if you're small like me, because everyone is so friendly and helpful.*

*Paulet looks like a really big building compared to junior school - and it is - but don't worry, you will soon find your way around and if you get lost don't be afraid to ask a teacher or another student to help you.*

Then, the first day arrived. The older years were really tall! Two walked past my Class and said 'awww aren't the new students small' whilst smiling at us. It was so embarrassing. I felt so deride. That's a weird word! But the teachers at Paulet like to throw us a curve ball 'word of the week' to try and weave into our work that week for Paulet points. It is actually quite funny – you'll be doing it too when you start!

I felt settled at Paulet because all the teachers were really nice and helpful, and lots of my friends from primary school came here, I have also made new friends from other schools too.

At break and lunch times I spend time with my friends in the year 7 area or on the courts. It's nice that we have our own space with our lockers. There is the well-being hub where if you have any worries you can talk to someone there about them.

**So, what I'm trying to say is, it's okay to be nervous, but once you are here you will be fine! You will be able to do the work, you will have fun, you will learn different things and you can have a laugh with the teachers!**

Enjoy the summer holidays, and on the first day you will get to meet your teachers and go around the school.

From *Becca*, Thierry & Aiden.
