Dear Parent/Carer,

Parental / Carer Initial Evaluation of Home Learning

As you are aware we have developed a new procedure for home learning (homework) for the Autumn Term which embraces the use of student emails to set home learning for all subjects. This is a system which sets weekly home learning for all students to enrich the learning in lessons as well as providing work for students who are isolating due to COVID regulations.

From Monday 14th September students have been receiving emails as well as work set in the homelearning.paulet.co.uk drive. The vast majority of our students have engaged with this system well and are on track with home learning but I am aware that with all new systems, there is room for improvement.

To support in the refinement of our home learning procedures I am asking if you could complete the attached evaluation to reflect how home learning is working for your child and if you have any suggestions of how we could improve this system.

I have also sent, via their school email, a google form for your child to complete to share their thoughts on our home learning system. I would appreciate if you could support your child in the completion of this survey as the more responses we have, the better the system we can develop.

If you wish to take part in this evaluation, please complete the attached form and return to school reception over the next week.

Thank you for your ongoing support,

Mrs. Victoria Deer
Deputy Headteacher
