Updates, messages from Mr McArthur and this week at Paulet:

Extending the school day / structure of the school day consultation: Thank you to parents who responded to the letter outlining our plans to lengthen and alter our school day. The responses were overwhelmingly positive, and we had some observations / suggestions including the possibility of retaining some double lessons in the 6th Form and when to position Form Time / Character Development during the day for maximum impact. Once I have gathered opinions from staff, I will meet the School Council (students) to decide on our final plan which we will then take to the school Governors.

Vacancy for a Parent Governor: We are looking for a new Parent Governor to join our school's Local Governing Body – are you interested? Do you have professional skills that can benefit our Governing Body? I will send out a letter next week with further details.

Scholar's Programme – students involved in the Scholar's programme, accompanied by Ms Moore, went to Sheffield University this week for their 'graduation'. It was a day full of university guidance, refecton, presentations (including two by our students Polina and Florin) and a memorable graduation ceremony. Congratulations to all of our scholars – you make us proud!

Art Trip to Oxford - The art department took A-Level and GCSE Art students to visit Oxford as a part of their exam projects. We visited the Museum of Natural History, the Ashmolean Art Gallery and the Pitts River Museum.

The students took photos of artwork relevant to their projects and found lots of new artists to inspire them. It was a fantastic day for all involved and the students left with lots of new ideas, ready for the classroom.
